YOUR EXCLUSIONS

In the 'General exclusions' section below, **we** list specific **treatments**, conditions and situations that **we** do not cover as part of **your health plan**. In addition to these **you** may have personal exclusions or restrictions that apply to **your health plan**, as shown on **your** insurance certificate.

Do you have cover for pre-existing conditions?

When **you** applied for **your health plan** **you** were asked to provide all information about any disease, illness or injury for which **you** received medication, advice or **treatment**, or **you** had experienced symptoms before **you** became a customer – **we** call these **pre-existing conditions**.

Our medical team reviewed **your** medical history to decide the terms on which **we** offered **you** this **health plan**. **We** may have offered to cover any **pre-existing conditions**, possibly for an extra premium, or decided to exclude specific **pre-existing conditions** or apply other restrictions to **your health plan**. If **we** have applied any personal exclusion or other restrictions to **your health plan**, this will be shown on **your** insurance certificate. This means **we** will not cover costs for **treatment** of this **pre-existing condition**, related symptoms, or any condition that results from or is related to this **pre-existing condition**. Also **we** will not cover any **pre-existing conditions** that **you** did not disclose in **your** application.

If **we** have not applied a personal exclusion or restriction to **your** insurance certificate, this means that any **pre-existing conditions** that **you** told **us** about in **your** application are covered under **your health plan**.

General exclusions

The exclusions in this section apply in addition to and alongside any personal exclusions and restrictions explained above.

For all exclusions in this section, and for any personal exclusions or restrictions shown on **your** insurance certificate, **we** do not pay for conditions which are directly related to:

- excluded conditions or **treatments**
- additional or increased costs arising from excluded conditions or **treatments**
- complications arising from excluded conditions or **treatments**

Important note

Our global **health plans** are non-U.S. insurance products and accordingly are not designed to meet the requirements of the U.S. Patient Protection and Affordable Care Act (the Affordable Care Act). **Our** plans may not qualify as minimum essential coverage or meet the requirements of the individual mandate for the purposes of the Affordable Care Act, and **we** are unable to provide tax reporting on behalf of those U.S. taxpayers and other persons who may be subject to it. The provisions of the Affordable Care Act are complex and whether or not **you** or **your dependants** are subject to its requirements will depend on a number of factors. **You** should consult an independent professional financial or tax advisor for guidance. For customers whose coverage is provided under a group **health plan**, **you** should speak to **your health plan** administrator for more information.

Please note that, should **you** choose to have **treatment** or services with a **benefits provider** who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. Additional rules may apply in respect of **covered benefits** received from an 'out-of-network' **benefits provider** in certain specific countries. This applies whether **we** pay the benefit provider directly, or **you** pay the costs and claim this back from **us**.
