- You must keep the costs of the claim low (duty to mitigate claims).

## When and how do I pay?

The premiums are due and payable upon receipt of the insurance confirmation, at the latest at the requested start of insurance. The premium is an annual contribution. Payment methods during the year are possible with a payment surcharge.

## When does the coverage start and end?

Insurance coverage begins at the time (start of insurance) specified in the insurance confirmation, but not before payment of the premiums and not before expiry of the waiting period, and not before the start of the stay in the agreed country of residence.

The insurance coverage of the individual insured person ends automatically at the latest at the end of the month before the insured person turns 67. In addition, coverage also ends when the insured person de-registers from the group contract, when the insured person dies, when the condition for insurability ceases to exist, or ultimately when the group insurance contract is terminated.

## How can I cancel the contract?

The insurance cover within the insurance agreement can be terminated for individual insured persons by the person entitled to insurance or the insured person vis-à-vis the policyholder with a notice period of two months to the end of the insurance year.
