NEED TREATMENT?

The importance of pre-authorisation
We want everything to run smoothly when **you** need **treatment**. That way **you** can focus on getting better.

Why should I pre-authorise treatment?
So that **you** can tell **us** about **treatment** that **you** need to have. **You** should contact **us** before **you** have **your treatment** to give **us** the details. **We** can then:

- check if the policy covers **your treatment**
- check if the provider is part of **our network**
- help **you** find a provider within **our network**
- explain any limits that apply
- tell the provider that **you** are a **Bupa Global** member. **We** have agreements with **our network** providers for **treatment** charges
- case-manage complex **treatment**. The table of benefits clearly shows the complex **treatments we** want **you** to tell **us** about. Please contact **us** if **you** need any of these. **We** may ask for more information (for example to check if any policy exclusion applies)
- see if **we** can pay any bills directly to the provider. This will mean **you** don't have to pay and claim the costs from **us**.

If **you** have **treatment** with a provider who is not part of the **network**, **we** may only pay costs that are **reasonable and customary**. This could leave **you** with a shortfall to pay.

Before **we** can authorise **treatment** or pay a claim **we** may ask for more information, for example a medical report. If **we** don't receive this promptly, there may be a delay to pre-authorisation and to paying **your** claim. If **we** do not receive this at all, **we** may not be able to pay **your** claim.

We may appoint an independent medical professional and ask **you** to have a medical examination with them (at **our** cost). They will then give **us** a medical report.

Remember we can offer a second medical opinion service

The solution to health problems isn't always black and white. That's why **we** offer **you** the opportunity to get another opinion from an independent **specialist**.

When **you** have pre-authorised **treatment** with one of **our network** providers, **we** will cover the costs if, at the time **you** have that **treatment**:

- the policy is in force
- **you** are covered by the policy
- premiums are paid up to date
- the pre-authorisation is still valid. When **we** authorise treatment, **we** will tell **you** how long it is valid for.

How do I pre-authorise my treatment?
Login to the MembersWorld app, go to <https://membersworld.bupaglobal.com> or contact **us** by phone or email. When **we** have the details, **we** will send **you** and the provider a pre-authorisation statement.

What if my pre-authorisation is no longer valid? Can I get a new one?
Yes. Just follow the process again.

What if I need to go to hospital in an emergency?
In an emergency there might not be time to contact **us**. If this happens, it is important that the hospital contacts **us** within 48 hours.

Our approach to costs
When **you** are in need of a **benefits provider**, **our** dedicated team can help **you** find a **recognised medical practitioner, hospital or healthcare facility** within **network**. Alternatively, **you** can view a summary of **benefits providers** on Facilities Finder at www.bupaglobal.com/facilitiesfinder. Where **you** choose to have **your treatment** and services with a **benefits provider in network**, **we** will cover all eligible costs of any **covered benefits**, once any applicable **co-insurance** or **deductible** amount which **you** are responsible to pay has been deducted from the total claimed amount.

Should **you** choose to have **covered benefits** with a **benefits provider** who is not part of **network**, **we** will only cover costs that are **reasonable and customary**. This means that the costs charged by the **benefits provider** must be no more than they would normally charge, and be similar to other **benefits providers** providing comparable health outcomes in the same geographical region. These may be determined by **our** experience of usual, and most common, charges in that region. Government or official medical bodies will sometimes publish guidelines for fees and medical practice (including established **treatment** plans, which outline the most appropriate course of care for a specific condition, operation or procedure). In such cases, or where published insurance industry standards exist, **we** may refer to these global guidelines when assessing and paying claims. Charges in excess of published guidelines or **reasonable and customary** made by an 'out-of-**network**' **benefits provider** will not be paid.

Pre-authorisation complete and now going for treatment?
Always remember to keep **your** insurance cards with **you** and present the appropriate card to **your benefits provider** when **you** arrive.

Please also see 'Hong Kong hospital **network** options' in the 'Table of benefits'.

This means that, should **you** choose to receive **covered benefits** from an 'out-of-**network**' **benefits provider**:

- **you** will be responsible for paying any amount over and above the amount which **we** reasonably determine to be **reasonable and customary** – this will be payable by **you** directly to **your** chosen 'out-of-**network**' **benefits provider**;
- **we** cannot control what amount **your** chosen 'out-of-**network**' **benefits provider** will seek to charge **you** directly.

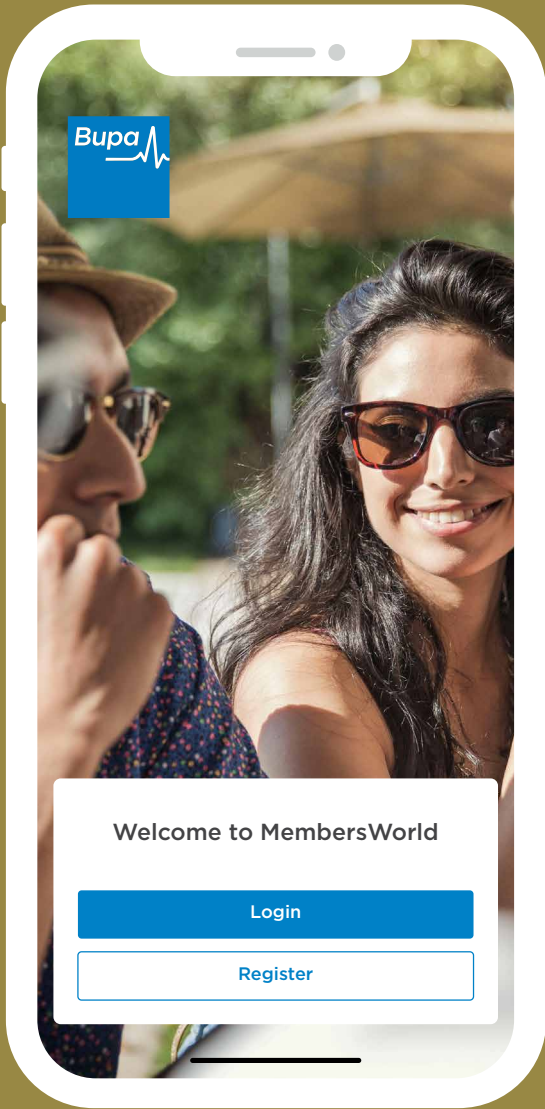

There may be times when it is not possible for **you** to be treated at a **benefits provider in network**, for example, if **you** are taken to an 'out-of-**network**' **benefits provider** in an **emergency**. If this happens, **we** will cover eligible costs of any **covered benefits** (after any applicable **co-insurance** or **deductible** has been deducted).

If **you** are taken to an 'out-of-**network**' **benefits provider** in an **emergency**, it is important that **you**, or the **benefits provider**, contact **us** within 48 hours of **your** admission, or as soon as reasonably possible in the circumstances. If it is the best thing for **you**, **we** may arrange for **you** to be moved to a **benefits provider in network** to continue **your treatment** once **you** are stable. Should **you** decline to transfer to a **benefits provider in network** only the **reasonable and customary** costs of any **covered benefits** received following the date of the transfer being offered will be paid (after any applicable **co-insurance** or **deductible** has been deducted).

Additional rules may apply in respect of **covered benefits** received from an 'out-of-**network**' **benefits provider** in certain countries.

These charge levels may be governed by guidelines published by relevant government or official medical bodies in the particular geographical region, or may be determined by **our** experience of usual, and most common, charges in that region.

THE CLAIMING PROCESS

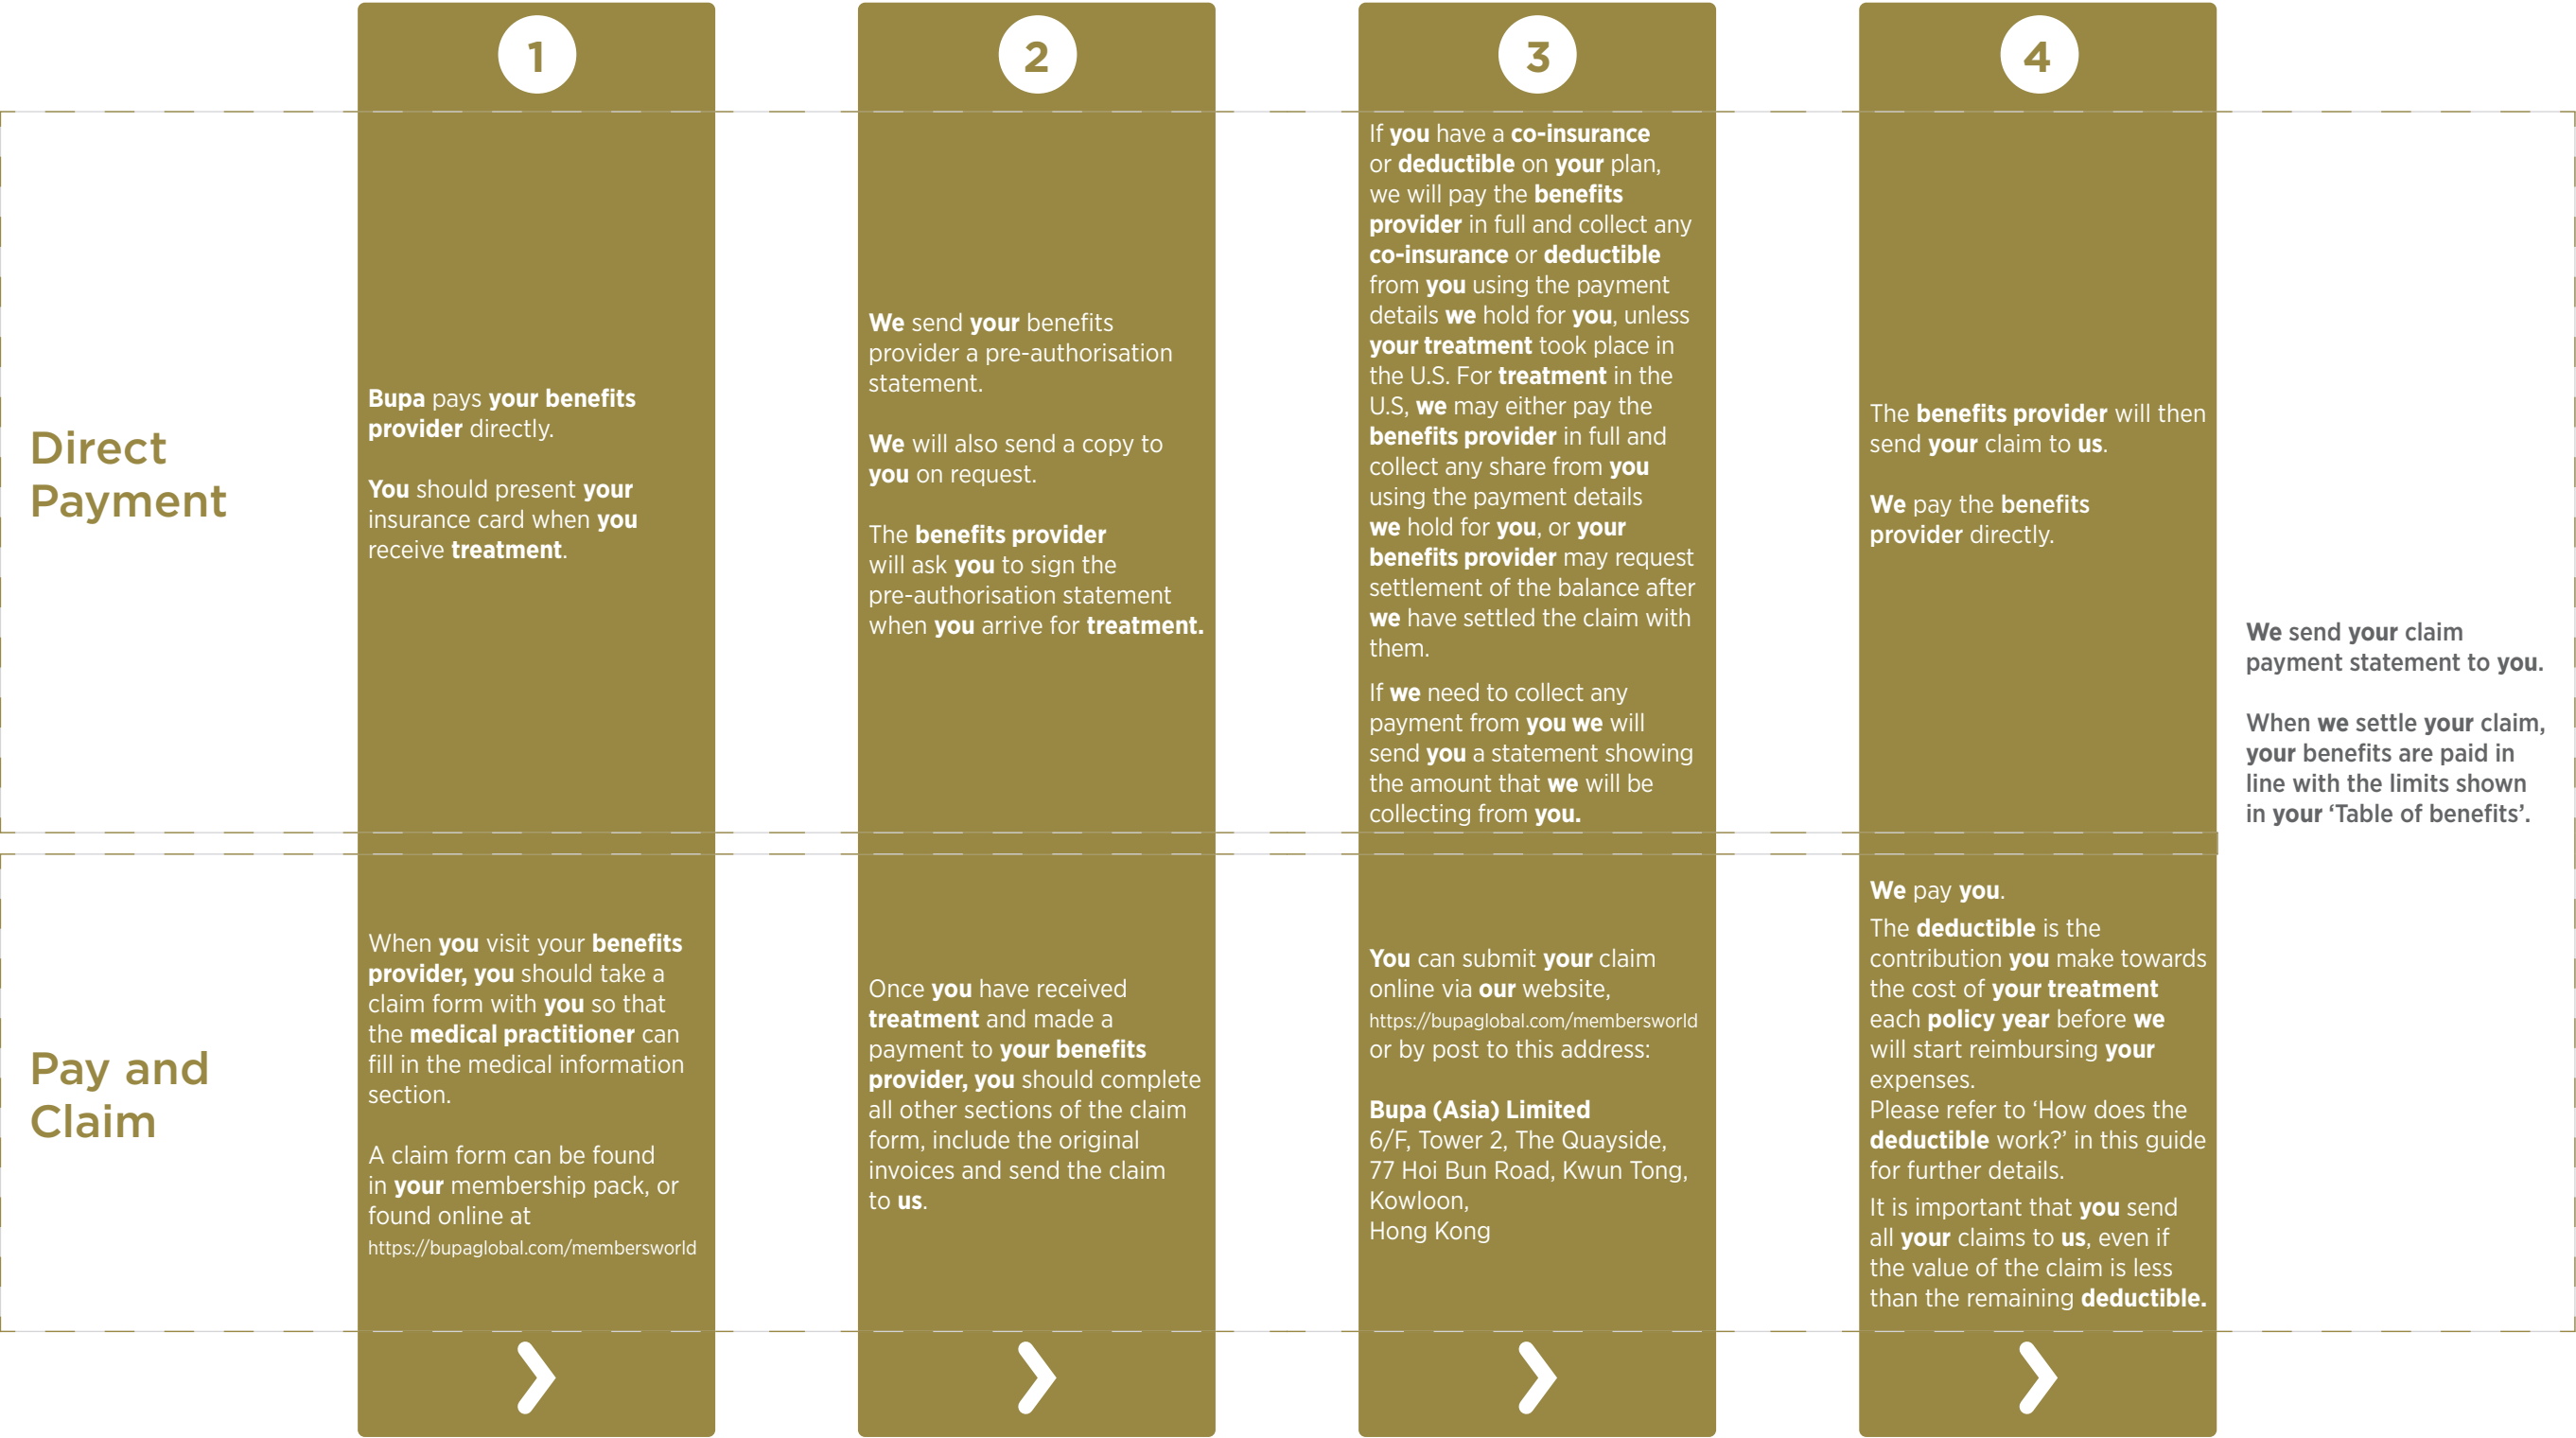

Whether **you** choose direct payment or ‘pay and claim’ **we** provide a quick and easy claims process. **We** aim to arrange direct settlement wherever possible, but it has to be with the agreement of whoever is providing the **treatment**. In general, direct settlement can only be arranged for **in-patient treatment** or **day-patient treatment**. Direct settlement is easier for **us** to arrange if **you** pre-authorise **your treatment** first, or if **you** use a participating **hospital** or healthcare facility.

How to make a claim

- The quickest way to submit **your** claim is to log on to **your** MembersWorld account and submit **your** claim electronically. **You** have the choice of submitting an online claim or uploading any completed claims form.
- Make sure **we’ve** got all the information as the biggest delay to paying a claim is normally incomplete, missing or ineligible information.
- Make sure **you** have given **your** correct bank details. Reimbursement by bank transfer is by far the quickest way to receive **your** payment.

If **you** need assistance with a claim **you** can

- Go online at **<https://membersworld.bupaglobal.com>**
- Call **us** on **+852 2531 8503**

We send **your** claim payment statement to **you**.

WANT TO ADD MORE PEOPLE TO YOUR ELITE GLOBAL HEALTH PLAN?

You can apply to include **dependants**, including newborn children, to this **health plan** by filling in an application form. **You** can download this easily from <https://membersworld.bupaglobal.com> Or **you** can contact **us** and **we** will send one to **you**.

It is possible to add **dependants** on to a different **health plan** and/or include a different deductible for each person.

When **you** apply, the **dependant's** medical history will be reviewed by **our** medical team which may result in cover for **pre-existing conditions**, special restrictions or exclusions, or **we** may decline to offer cover. Any special restrictions or exclusions are personal to the person **you** add and will be shown on **your** insurance certificate.

Adding **your** newborn child?
Congratulations on **your** new arrival!

To add **your** newborn child **you** will need to send **us** a completed newborn application form. If:

- either parent has been on this **health plan** for at least 18 months before the child's birth and
- a copy of the birth certificate is submitted within 30 days of the child's birth

We will add **your** newborn child to the **health plan** from their date of birth and not apply any personal exclusions to the child's cover.

However, if:

- neither parent has been on this **health plan** for at least 18 months before the child's birth, or
- **we** receive the birth certificate more than 30 days after the child was born, or
- none of the adults on this **health plan** are the child's parents, or
- the child is born as a result of **assisted reproduction technologies, ovulation induction treatment**, adopted or born to a surrogate, or
- the child was born in the U.S.,

the child's medical history will be reviewed by **our** medical team which may result in cover for pre-existing conditions, special restrictions or exclusions, or **we** may decline to offer cover. This means that if the child has medical conditions that need treatment, these might not be covered by the **health plan**. Cover will start on the date that **we** receive the application form.

If there are any changes to the information **you** provided in the application form after **you** or **your dependants** sign it and before **we** accept the application, please let **us** know straight away.

Children covered at no additional cost

For each parent or legal guardian who is covered on this policy, **we** will also cover two of their children (up to a maximum of four children) at the same level of cover for no additional premium, subject to underwriting provided that:

- the children are aged 9 or under
- the children live at the same address as the covered parent or guardian who has legal custody of the child.

We will review the child's medical history, which may add personal exclusions or restrictions. If underwriting results in a charge, this will be calculated as a percentage of what **your** child's premium would have been and confirmed with **you**.

YOUR HEALTH PLAN BENEFITS

The ‘Table of benefits’ provides an explanation of what is covered on **your health plan** and the associated limits.

Benefit limits

There are three kinds of benefit limits shown in this table:

1. The ‘overall annual maximum’ – the maximum amount **we** will pay in total for all benefits, for each person, in each **policy year**.
2. Annual limits for a group of benefits – the maximum amount **we** will pay in total for all of the benefits in that group, such as **out-patient** care.
3. Individual benefit limits – the maximum amount **we** will pay for individual benefits such as **rehabilitation**.

All benefit limits apply per person. Some apply each **policy year**, which means that once a limit has been reached, the benefit will no longer be available until **you** renew **your health plan**. Others apply per lifetime, which means that once a limit has been reached, no further benefits will be paid, regardless of the **renewal** of **your health plan**.

Currencies

All the benefit limits and notes are set out in two currencies: USD and HKD. The currency in which **you** pay **your** premium is the currency that applies to **your health plan** for the purpose of the benefit limits.

Waiting periods

You will notice that waiting periods apply to some of the benefits. This means that **you** cannot make a claim for that particular benefit until **you** have been covered for the full duration of the waiting period stated.

How does the deductible work?

If **you** have chosen a **deductible** this will be shown on **your** insurance certificate.

The **deductible** is the annual amount **you** must pay each **policy year** towards covered expenses before **we** start paying.

It’s important that **you** send all **your** claims to **us**, even if the value of **your** claim is less than the **deductible**.

We won’t make any payment, but the claim will count towards **your deductible**. If **your** claim is for an amount higher than the value of **your deductible** or remaining **deductible**, **we** will pay costs in line with **your** benefit limits.

The **deductible** applies:

- per **policy year**
- separately for each person

EXAMPLE	
You have chosen a USD 4,000 deductible on your health plan	
You have treatment in hospital for a broken leg which costs USD 6,000	Amount paid by you is USD 4,000
Amount paid by us is USD 2,000	
Remaining deductible for the rest of the policy year is USD 0	

Please note that direct settlement may not be available outside **your** chosen **network** and/or room type options in **Hong Kong**. If direct settlement is not possible, you will have to pay for **your treatment** and claim the costs back from **us**.

We will assess the total costs for **your** covered **treatment** and then assess what the **reasonable and customary** rates are for **your treatment**. If **your** claimed amount is higher than the **reasonable and customary** rates, a shortfall will apply.

If **you** have the Standard **network** option in **Hong Kong**, a **network co-insurance** of 50% will apply if you choose a provider outside the Standard **network**.

If **you** have semi-private room cover in **Hong Kong**, a room type **co-insurance** of 50% will apply if **you** choose to stay in a private room.

If either the **network co-insurance** and/or the room type **co-insurance** is applied, **you** could pay a large amount for **your treatment**.

EXAMPLE	
You have treatment in hospital in Hong Kong totalling HKD 1,000,000 . You have the Standard network option in Hong Kong . You have semi-private room cover in Hong Kong .	
We will first assess the reasonable and customary rates for your treatment . If your claimed amount is higher than the reasonable and customary rates, a shortfall will apply.	For this example, the reasonable and customary rates are HKD 800,000
You visit a hospital outside the Standard network . We then apply the network co-insurance of 50%.	50% co-insurance applied taking the claimed amount to HKD 400,000
You stay in a private room. We then apply the room type co-insurance of 50%.	Further 50% co-insurance applied taking the claimed amount to HKD 200,000
Total amount paid by us is HKD 200,000 Amount paid by you is HKD 800,000

DEDUCTIBLE OPTIONS

MANDATORY PRE-AUTHORISATION

Please contact us for pre-authorisation before proceeding with all in-patient and day-patient treatment . Benefits may not be paid unless pre-authorisation has been provided.	
AREA OF COVER OPTIONS	Worldwide or Worldwide, excluding the U.S.
There are two area of cover options. The policyholder has chosen one of these. They are: <ul style="list-style-type: none">WorldwideWorldwide, excluding the U.S. Your geographical area for coverage is shown on your insurance certificate. Please see the ' Treatment outside of area of cover' exclusion in the 'General exclusions' section.	
HONG KONG HOSPITAL NETWORK OPTIONS	Standard network or Comprehensive network
Your insurance certificate will show which network applies to you . These networks are only for treatment that you have at a hospital in Hong Kong . This applies to treatment as an in-patient , day-patient or out-patient . If you have the Standard network but have treatment at a hospital not in the network : We will not pay the hospital directly. You will have to pay and then claim the costs from us . 1) We will assess the total hospital costs for your treatment that the health plan covers. Examples include room costs and treatment costs. 2) For specialists' and doctors' fees, we will assess what are reasonable and customary fees for your treatment . 3) We will then apply a 50% co-insurance to the specialists' and doctors' fees and hospital charges that we have assessed in points 1 and 2. This means that you could pay a large amount for your treatment . For hospitals in Hong Kong only: To view a summary of hospitals within your chosen network option, please visit MembersWorld.	

BENEFIT AND EXPLANATION	LIMITS
TREATMENT IN HONG KONG	
If you have treatment from a specialist or doctor or at a place that is not part of our network , we may not pay all the costs. You will have to pay the difference between what we pay and the final bill. There are many places where a specialist or doctor might treat you . This could be, for example, a hospital , a clinic, a day-centre. In Hong Kong , the specialist or doctor who treats you works separately from the place where you have the treatment . This means that you could have treatment in a hospital that is in our network but the specialists or doctors who treat you are not part of our network . In this case we would pay the hospital bill in full but may only pay part of the specialist's or doctor's bill. It is important to pre-authorise any treatment you plan to have. This gives us the chance to tell you if the place where you plan to have the treatment and the specialist or doctor treating you are in our network . In the table of benefits we often say 'paid in full'. We can only pay in full if: <ul style="list-style-type: none">you have treatment that the policy coversthe place you are treated is in our network, andthe people who treat you are in our network.	
OUT-PATIENT CARE	
Please note: your chosen deductible option does not apply to the below out-patient care benefits.

YOUR EXCLUSIONS

In the 'General exclusions' section below, **we** list specific **treatments**, conditions and situations that **we** do not cover as part of **your health plan**. In addition to these **you** may have personal exclusions or restrictions that apply to **your health plan**, as shown on **your** insurance certificate.

Do you have cover for pre-existing conditions?

When **you** applied for **your health plan** **you** were asked to provide all information about any disease, illness or injury for which **you** received medication, advice or **treatment**, or **you** had experienced symptoms before **you** became a customer – **we** call these **pre-existing conditions**.

Our medical team reviewed **your** medical history to decide the terms on which **we** offered **you** this **health plan**. **We** may have offered to cover any **pre-existing conditions**, possibly for an extra premium, or decided to exclude specific **pre-existing conditions** or apply other restrictions to **your health plan**. If **we** have applied any personal exclusion or other restrictions to **your health plan**, this will be shown on **your** insurance certificate. This means **we** will not cover costs for **treatment** of this **pre-existing condition**, related symptoms, or any condition that results from or is related to this **pre-existing condition**. Also **we** will not cover any **pre-existing conditions** that **you** did not disclose in **your** application.

If **we** have not applied a personal exclusion or restriction to **your** insurance certificate, this means that any **pre-existing conditions** that **you** told **us** about in **your** application are covered under **your health plan**.

General exclusions

The exclusions in this section apply in addition to and alongside any personal exclusions and restrictions explained above.

For all exclusions in this section, and for any personal exclusions or restrictions shown on **your** insurance certificate, **we** do not pay for conditions which are directly related to:

- excluded conditions or **treatments**
- additional or increased costs arising from excluded conditions or **treatments**
- complications arising from excluded conditions or **treatments**

Important note

Our global **health plans** are non-U.S. insurance products and accordingly are not designed to meet the requirements of the U.S. Patient Protection and Affordable Care Act (the Affordable Care Act). **Our** plans may not qualify as minimum essential coverage or meet the requirements of the individual mandate for the purposes of the Affordable Care Act, and **we** are unable to provide tax reporting on behalf of those U.S. taxpayers and other persons who may be subject to it. The provisions of the Affordable Care Act are complex and whether or not **you** or **your dependants** are subject to its requirements will depend on a number of factors. **You** should consult an independent professional financial or tax advisor for guidance. For customers whose coverage is provided under a group **health plan**, **you** should speak to **your health plan** administrator for more information.

Please note that, should **you** choose to have **treatment** or services with a benefit provider who is not part of **network**, **we** will only cover costs that are **Reasonable and Customary**. Other rules may apply in respect of **covered benefits** received from an 'out-of-**network**' benefit provider in certain specific countries. This applies whether **we** pay the benefit provider directly, or **you** pay the costs and claim this back from **us**.
