### Exclusions

**What's not included in the health plans**  
Our global health plans are designed to cover treatment of medical conditions that respond quickly to treatment – known as acute conditions. Like most health insurance policies, there are a number of exclusions and limitations on the plans and this is just a summary of the most significant exclusions and limitations:

- ✗ Treatment of medical conditions you had, or had symptoms of, before you joined
- ✗ Routine dental check-ups (available as an optional upgrade)
- ✗ Routine pregnancy and childbirth (available as an optional upgrade for corporate schemes only)
- ✗ Preventative treatment
- ✗ Any treatment costs incurred as a result of engaging in or training for any sport for which you receive a salary or monetary reimbursement, including grants or sponsorship (unless you receive travel costs only)
- ✗ USA cover excluded unless this has been selected with your cover
- ✗ Claims if you travel outside your area to get treatment or against medical advice
- ✗ Treatment that you receive in the UK from providers that are not listed in our Directory of Hospitals
- ✗ The costs of arranging treatment

Full details of what members are and are not covered for are provided in the membership handbook, or are available on request.

### Excess

You can help control the cost of your premium by adding an excess to your policy. We offer five levels of excess, per person, per year:

### Important information

This policy is written in English and may be translated into another language. In the event of a discrepancy or other uncertainty, the English version of this policy will prevail.
